City _____ State _____ Zip _____

Record fish are determined on the basis of weight only

Read These Rules:

- *All record fish are to be examined by an Ohio Division of Wildlife fisheries biologist to determine correct species.
- *Fish taken from pay lakes are ineligible.
- *Fish must be weighed on certified scales. Enclose copy of county auditor's certification with application.
- *If weighed on digital scale, enclose scale print-out.
- *Weighing of fish must be witnessed by 2 persons.
- *Close-up photo of fish **must** accompany application.
- *Fish must be kept frozen intact until certified, as OWO reserves the right to examine it.
- *All fish must be legally taken.
- *Total length measured in straight line from tip of snout to farthest tip of tail, with fish laid flat, mouth closed.
- *Girth to be measured at thickest point.

*Violation of any of these rules will lead to invalidation.

*Fish submitted for state record certification must be taken in a sportsmanlike manner. The committee will review all facts, decisions by the committee are final.

Make copies and mail application and photo within six months of catch to:
